TO REGISTER: <https://marf.cc/missouri-talent-showcase-career-fair/>

The Missouri as a Model Employer Talent Showcase is a reverse career fair that provides individuals with a physical, mental health, or cognitive disability an opportunity to showcase their achievements and talents to potential employers through display or presentation. Showcasing samples of work often leads to richer conversations between job seekers with disabilities and employers. State agencies and community employers will have an opportunity to circulate among the booths, introduce themselves, and learn about the skills and abilities that may meet their hiring needs.
